

ANTHONY KEO

Put any of these queer Portland artists on a mix and your boo will swoon!

BY NOLAN PARKER

Portland's cup overfloweth with queer musicians past and present. We've got queer everything: electro-pop, punk, hardcore, shoegaze, hip-hop, and yes, Macintosh Plus—a trans musician in Portland who invented what came to be known as vaporwave. Below is just a small slice of our city's queer-musician pie. Gorge yourself on a bigger slice of that damn fine pie over on the *Portland Mercury* Spotify!
